

# AIROS® ARM PLUS GARMENTS

Easy-to-Apply 6-Chamber &  
8-Chamber Garments for All Upper  
Extremity Lymphedema Patients,  
Including Medicare

Ease of use meets effective post-mastectomy lymphedema therapy with the AIROS® Arm Plus garment product line. Available in both 6-chamber (for use with the AIROS 6 Sequential Compression Device) and 8-chamber (for use with the AIROS 8 Sequential Compression Device) models, the Arm Plus garments treat lymphedema present in the arm, shoulder, and one side of the back, chest, and torso.

The Arm Plus garments are available in both left and right models, and in two different colors. Used with the AIROS devices, the garments provide targeted compression therapy to assist lymphatic drainage.

## KEY FEATURES

- **Various Sizes:** Sized for All Patients: Included in the garment packaging are three (3) extension pieces in different sizes to allow proper fitting for any patient.
  - o Arm inseam length is 29"
  - o Adjustable body circumference from 30"-54"
- **Designed for Compliance:** Added padding on the back of the garments and high-quality hook and loop fastener system make it easy for the patient to apply and remove the garments by themselves, driving compliance.
- **Designed for Comfort:** Neck padding enhances comfort for the patient during therapy.
- **Reimbursement:** Both the 6-chamber and 8-chamber garments are reimbursed by commercial insurance.

\*\*MEDICARE: Both the 6-chamber and 8-chamber garments are Medicare PDAC-pending
